A Message from the Trabuco Hills High School Instrumental Music Staff & Boosters Board

The Awards Banquet is our occasion to look back on the accomplishments of the past school year and to look forward to next year with renewed passion. It is an opportunity to celebrate triumphs and growth and to remember fond times with friends old and new. Every year we look back in amazement at how far we have come, from freshman to seniors, in twelve short months. Enjoy the evening and give yourselves a well-deserved pat on the back.

The Trabuco Hills High School Instrumental Music Program is so much more than just another class in a busy school schedule. It is a commitment like no other! The staff doesn't just teach proper musical technique and the right way to spin a saber. They teach the values of self-confidence, maturity, discipline, professionalism, and leadership. They show the benefits of hard work, perseverance and dedication to individual and team goals. Thank you to all the staff for your tireless dedication to these students.

Parents, this program could not run without the selfless giving of yourselves for the sake of the students. The boosters are "all about the kids" and providing the support and resources they deserve to grow and succeed. And they are all our kids. Thank you a thousand times over!

To the seniors, we wish you all the best in your future endeavors. It seems like only yesterday that you entered the program as wide-eyed freshmen. As you think back on all the hard work you have put in over these years, the challenges and the triumphs, remember that we are so proud of how you have grown into such fine young men and women. A piece of each of you will remain with us forever.

**Thank you for sharing your journey with us!!!
Best of luck to the Class of 2018!!!**
