Ensemble Information

Bus & Truck Parking: When buses arrive at the school, please proceed to the check-in location on Chrisanta Drive. You will be check-in with event staff and receive your director's packet PRIOR TO PARKING AND UNLOADING.

After check-in, you will wait along Chrisanta until all of your groups buses and equipment trucks are together. Volunteers will guide you to the appropriate staging area.

Once all vehicles (trucks, buses, etc.) are present, you will be guided by volunteers to parking on the campus.

Ensembles' trucks and buses will continue straight on Chrisanta Drive and turn right into the school entrance at Cortina Drive.

From there, you will be directed either to enter the parking lot to the right into the main upper lot #4 or to the left into the far upper lot #5. Please follow the direction of event volunteers.

Please follow the direction of event volunteers.

Additional porta-potties are provided at the practice field.

Warm Up: The lower practice field adjacent to the baseball stadium is available for warm-up. Upper field behind tennis courts near staging area is a quiet zone. The lower practice field adjacent to the baseball field is available for color guard warm-up.

tennis courts and basketball courts at the back of campus.

Note that the practice field is grass and has an inclined concrete ramp from the rear parking lot to the field.

Please note that the baseball stadium is off limits at all times.

Field Surface: Both the practice and performance fields are marked with high school hashes.

The practice field is grass and the performance field is artificial turf.

The path from the upper parking lots to the rear of campus to access warm-up areas includes a steep hill from upper lot 4 past lower lot 3. It is a paved road. Proceed with caution moving equipment.

The path from the rear parking lot area to the practice field is via an incline about 50' long that descends about 10' (a portion of this ramp is paved, the remainder is dirt / grass).
